

HAMILTON TEAM EASILY DEFEATED

Washington and Lee Plays Classy Game, and Wins by Score of 15 to 1.

[Special to The Times-Dispatch.] Lexington, Va., April 27.—Washington and Lee defeated Hamilton College 15 to 1 to-day. The varsity played baseball in every department, Edwin having worked a delayed steal to third, double steal, squeeze play and the first double play of the season, besides stealing six bases. Moran lobbed them over, but still only two hits were made off his delivery. He caught men off second and first, the signals working perfectly. Every player got a hit, but Lancaster, who walked twice, and stole three bases. Donahue and Webster hit the ball over the fence for home runs. The varsity scored seven runs in the sixth on seven hits for ten bases, five stolen bases, one walk and three errors. The varsity was fast and stole fifteen bases. Allen played the only game for the visitors, making four pretty catches. The teams play again to-morrow.

Score by Innings: R. H. E. Varsity 12 10 0 7 4 0—15 15 1 Hamilton 0 0 0 0 1 0 0 0 0—1 3 0
Batters: Moran and Donahue; Allen and Mitchell.
Summary: Two-base hits—Turbyfill, varsity. Three-base hits—Brown, Moran, varsity. Home runs—Webster, Donahue, varsity. Stolen bases—varsity, 15. Double plays—Erwin and Peoples, varsity. Sacrifice hits—varsity, 5. Base on balls—off Moran, 2; Allen, 5. Left on bases—varsity, 13; Hamilton, 3. Hit by pitched balls—Hallock, Hamilton. Struck out—by Moran, 10; by Allen, 6. Passed balls—Mitchell 2. Umpire, Accorina, Virginia League.

Pertinent Comment

BY GUS MALBERT

Never mind that one yesterday. Let's think of the one to-day.
Poole put one over on Cowan in the fourth. He deliberately played between first and second in order to give Block a chance to score, and George fell for it. It's an old ruse, but works well yet, it seems.
No need to offer excuses for losing. It happened just about like a rain-storm happens; you can never tell when it will strike.
At that it looks like the team which beats out Norfolk will be the team

AT LAST A GUARANTEED METHOD

I shall be pleased to rid any home or building of all rats and mice before asking the payment of one cent—an offer which no one has ever made before.
Isn't this your best protection and most convincing proof that I can do the work? My methods are absolutely safe and effective and my terms most reasonable.

And critical examination the superiority of Burk tailored apparel is so emphatic and pronounced as to make the most enthusiastic praise but a just matter of fact description. We therefore feel justified in dwelling continually upon the goodness of this high-class apparel, lauding its merit and superiority with unstinted, enthusiastic praise. Thousands of Richmond's discriminating, stylish dressers, who have worn Burk clothes for years, as well as the numbers of new patrons every day in the week, will echo vicereously their merited praises, avowing their complete satisfaction with quality, style, workmanship and fit, as the most costly of exclusive tailors' products.

to win the pennant.
Wallace and Martin each got a pair of bingles, thereby helping along their batting averages.
That error of Martin's was almost excusable. Any good ball player will miss one occasionally, and the player who doesn't ever miss one isn't much good.
Sullivan was there with the timely swat and he brought home Mattis.
Mattis failed to connect in three trials.
Egan couldn't land in four, and Cowan missed fire in the same number of attempts.
Every man on the team has blood in his eye and will go after the rest of the series.
Jimmie Pool is a ringer for Hughes, of the Washington team, and with a little seasoning will make the big league.
Eckman and Nugent both did good work.
Lewis Gregory gave a dinner to his Barton Heights team of the Amateur League at Rueger's last night. Speeches were made and the men declared that they had the pennant clinched right now. That's the spirit, whether it comes true or not.
Either Verbout or Ward will work to-day. Pierce has not returned, and even if he does get in to-day, will hardly be in condition to go on the mound.
No telling who will be in the box for Norfolk. Babb has plenty of willing workers, but he will pick out the best looking just before the game.
If Norfolk fans are not satisfied with the team Charlie Babb has managed to get together, little can be done to please them.
The Great Council of Improved Order of Red Men, which will meet here, beginning May 17, has sent a challenge to the local Aerie of Eagles for a ball game. The challenge will be accepted, provided the ball park can be secured on that date.
Both teams will line-up about the same to-day, the changes being in the battery.
Seems as if the Mackmen have struck their gait. Detroit, however, is keeping well to the fore and winning games with striking regularity.
Bill Otey got his bumps a-plenty yesterday from the Athletics, and had to retire after six innings.

RANDOLPH-MACON CANCELED GAME

Contest With Hampden-Sidney Postponed Until Later Date.

[Special to The Times-Dispatch.] Hampden-Sidney, Va., April 27.—Local baseball enthusiasts were greatly disappointed over the failure of Randolph-Macon College baseball team to appear here to-day for the first game with Hampden-Sidney as scheduled and advertised. They were allowed to cancel the game, however, by the faculty athletic board of the local college, which met Wednesday evening at the request of Manager Bone, of Randolph-Macon, who stated that there was an misunderstanding between himself and the faculty over the allotted number of days the team is allowed away from school.
The local management is greatly put out, however, owing to the fact that the manager of the Yellow Jackets did not state his inability to play until too late to arrange for another game, the game for Thursday having been widely advertised.
They intend to appear here at a later date, however, owing to the fact that the local management has released them from the scheduled time and has allowed them the privilege of filling this late later on in the season. Hampden-Sidney, according to the rules of the Eastern Intercollegiate Association, however, could have had the game forfeited if it had so desired.
The management of Randolph-Macon in conference with Manager Payne, of the local team, asked that the Garnet and Gray play the first game at Ashland, to which the local manager consented, but so far no definite date has been arranged.
Hampden-Sidney now has no game until the 6th of May, when it meets Richmond College.

Since the return of the team from its recent trip to Williamsburg and Richmond, Coach Bigbe has been taking advantage of the ideal baseball weather by making his team work harder than ever before this season. The coach is not the least bit downhearted over the defeat by Richmond College Monday, as he is of the same opinion as all who witnessed either of the championship games, that is, that Hampden-Sidney has every possible chance to land the cup. The men are working like leaguers this week, and baseball enthusiasm is getting stronger each day. On the return of the team last Monday night they were greeted with an immense bonfire and by all the student body who welcomed them after a successful trip.

Trade Report.
Bradstreet's to-morrow will say for Richmond and vicinity:
Trade conditions vary little from report of last week. Provisions and foodstuffs are being estimated by lower prices than have prevailed at any recent period. Shipment of early spring vegetables to Northern markets are noted, but continued cool weather has retarded vegetables as well as growing staple crops, and for the same reason, sales being estimated by lower prices than have prevailed at any recent period. The cool weather has also retarded trade in seasonal commodities, especially in light wearing apparel. Produce is fairly plentiful and demands good prices. The majority of the 1910 crop of tobacco has been marketed, and the markets will close for the season soon. Manufacturers of tobacco report an active demand for this season. Retail trade is quiet. Collections are not better than fair.

Bids for New Bridge.
[Special to The Times-Dispatch.] Buckingham, Va., April 27.—The bids for building a bridge across State River at this place were opened at the clerk's office on the 26th, and an Atlanta firm was the lowest bidder. Its bid was \$1,961. There were three other bids, and all the bids and the certified checks which accompanied them were forwarded to State Highway Commissioner Wilson.

Shoes at Cost Plus 5 Per Cent.

Not Only a Low Profit Over Cost, But a Low Profit Over a Low Cost.

Have You Ever Wondered Why Most Good Shoes Come From Massachusetts?
A traveller in Switzerland saw a child of twelve doing a wonderful piece of embroidery and marvelled at the proficiency of such youthful fingers. "It isn't surprising," said his guide. "That girls' parents, grandparents and great grandparents, back as far as she can reckon, were all lace or embroidery makers. They do nothing else in this valley. The best of the world's best needlework comes from here."

The Regal Shoe Company Has Long Been the Leader
In that section of Massachusetts where Regal Shoes are made, shoe-making has been the principal industry for more than two hundred years. The best shoes made in the world come from this section, and it has been the Regal policy from its beginning to make Regal Shoes lead all the rest in quality-for-price.
To lead in both quality and low price is harder than to lead in either alone. It is easy to get quality—if you don't care what it costs—but to give that quality at a low price means the highest degree of science in manufacturing in large volume, and straight-line, economical, direct, selling methods.

Why Regal Manufacturing and Selling Costs are Low.
To begin with, the Regal factory equipment is perfect. The Regal manufacturing system is a marvel of economy. The Regal cost-accounting, for example, shows the cost of over two hundred operations and more than one hundred parts on every shoe turned out, down to a hundredth of a cent.
But most perfect of all is the Regal, direct-line selling system—the Regal's own, although copied to some extent by other manufacturers. Regal Shoes go direct from the factories to you by the straightest, most economical route, cutting out jobbers, middlemen and large retailing profits. There is no lost motion, no lost time, no "over-stocks," no unnecessary expense, anywhere.

And Regal Shoes are now sold at cost of manufacture, plus five per cent. commission, and this low cost of selling.

Regal Shoes are the only shoes priced in this way. It is the only scientific, economical, "square deal" way of selling shoes. You gain not only by the low margin of manufacturing profit but by the fact that this low margin is reckoned on a low cost.

Buying shoes as you buy other necessities of life
When you buy sugar, flour, eggs, beef, lumber—or any one of a dozen necessities, you pay a price reckoned on the wholesale market cost. If the wholesale or manufacturing cost goes down, the retail price goes down. If it goes up, the retail price goes up in proportion. When the retailer's profits are fair, this is fair to you. But this is not the way that shoes have been sold. Shoes have always sold at fixed, "even money" prices—always multiples of the half dollar.

But Regal Shoes hereafter will be sold in the scientific, economical way—with the profits kept low and the manufacturing cost as the basis.

This Stamp is your guarantee of the lowest possible price
The price of every Regal Shoe is now reckoned at 5 per cent. over actual cost, plus the cost of getting the shoe from the factories to you. This price is CERTIFIED BY PUBLIC ACCOUNTANTS AND STAMPED ON THE SHOE AT THE FACTORY. It is stamped just as it figures out—in "odd" prices or in "even" prices—and the old-fashioned arbitrary custom is done away with.
The stamp is your guarantee that the price is THE LOWEST FOR WHICH A SHOE OF THAT CHARACTER CAN BE BOUGHT, that nothing has been added to conform to shoe-trade custom, that MORE of the price goes into quality and LESS for profit and expense than in any other make you can buy.

Regal Prices Are Now \$3.35 to \$5.85
